

## FOOT-STOOLS

Foot-stools can be supplied to match most sofa and chair designs.

Look at the seat cushion, seat base and leg to see how the foot-stool will look.

Height is normally 40-50mm below the seat height of the sofa or chair.

### OPTIONS

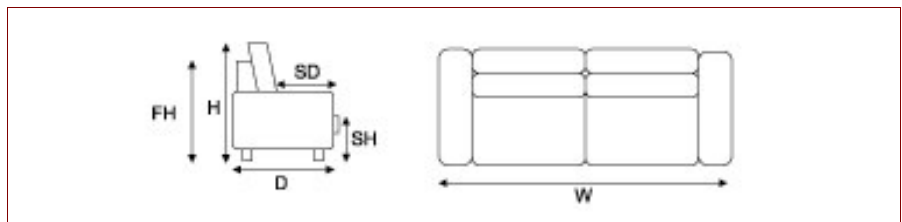

Sizes generally match the seat size of the sofa or chair. Typical sizes are 500 x 500 and 600 x 600.

Foot-stools can be built to custom sizes as required.

### MEASUREMENTS

Depth (D):	600
Height (H):	0
Frame Height (FH):	0
